## NOTIFICATION.

*No. 2130 Medl.—The 10th August 1918.*—The following report is published for general information.

J. DONALD,
*Secy. to the Govt. of Bengal.*

Dated Darjeeling, the 9th July 1918.

From—MAJOR H. B. FOSTER, M.D., I.M.S., Secretary and Superintendent of the Eden Sanitarium and Hospital, Darjeeling,

To—The Secretary to the Government of Bengal, Financial and Medical Departments, Calcutta (through the Surgeon-General with the Government of Bengal, Calcutta).

I HAVE the honour to submit the following report on the working of the Eden Sanitarium and Hospital for the year 1917.

2. The Sanitarium was opened on the 1st April and closed on the 6th November 1917.

3. The Hospital attached to the Sanitarium was opened on the 15th March and closed on the 15th November 1917. It was occupied for eight months and two days during that year.

4. The following table shows the number of each class of patients and their relatives admitted into the Sanitarium and Hospital during the past six years :—

| Admissions. | 1912. | 1913. | 1914. | 1915. | 1916. | 1917. |

| Third Class ... | 178 | 177 | 144 | 167 | 131 | 113 |
| Total ... | 675 | 672 | 606 | 607 | 542 | 542 |

5. The following tables show the number of patients and their relatives and friends admitted during the last six years, together with the daily average sick :—

|---|---|---|---|---|---|---|
| Patients— | | | | | | |
| Admissions ... ... | 506 | 499 | 183 | 271 | 172 | 136 |
| Daily average sick ... | 24·72 | 23·11 | 12·77 | 20·19 | 16·04 | 6·96 |
| Relatives and friends— | | | | | | |
| Admissions ... | 169 | 173 | 423 | 336 | 370 | 406 |
| Total ... | 675 | 672 | 606 | 607 | 542 | 542 |

The following table shows the different sexes of the patients with the results after treatment :—

| | | | | |
|---|---|---|---|---|
| Males | ... | 41 | Cured | ... 109 |
| Females | ... | 75 | Relieved | ... 17 |
| | | | Discharged | ... 2 |
| Children— | | | Died | ... 8 |
| Males | ... | 9 | | |
| Females | ... | 11 | | |
| Total | ... | 136 | | |

The total number of admissions is the same in the years 1916 and 1917.

**Statement showing the children admitted during 1916 and 1917.**

| Years of admission | 1st class. | Intermediate. | 2nd class. | 3rd class. | Total. |
|---|---|---|---|---|---|
| 1916 ... | 20 | 25 | 65 | 26 | 136 |
| 1917 ... | 45 | 26 | 62 | 25 | 158 |

From the above figures it will appear that there has been an increase of residents in the first and second classes only and fall in the number in all other classes during the year under report.

6. The number of patients treated in hospital in the year 1917 was 136 against 172 in the year 1916. The hospital attached to the Sanitarium was occupied by patients for eight months and two days in the year under report, against eight months and twenty-seven days during the year 1916.

7. The daily average number of people for the whole year works out at 28, but for the period the Sanitarium and Hospital was open it was 42 as compared with 30 and 41, respectively, during the year 1916.

8. The average stay of each resident was 19 days as compared with 17 days in the year 1916.

9. As usual, the greater number of people came from Calcutta, while those from this district came next. It is interesting to note that people from very long distances, such as Allahabad, Assam, Behar, Bombay, Jabbalpore, Mooltan, Nagpore, Orissa, Ranchi, Rawalpindi and Silchar, were attracted here for change and treatment.

10. The free beds in this institution were occupied by 14 persons in the year 1917 against 18 in the year previous to it.

11. * * * * * * *

12. The amount of Rs. 3,229-8-8 was received from Lister Memorial Committee for the endowment of a bed for the benefit of sick tea planters, in memory of late John Lister Lister of Peshoke Tea Estate of this district. Dr. J. A. Graham, of Kalimpong, as President of the Committee, expressed the desire of the Committee to erect a brass tablet in his memory in this institution near the first-class staircase. The Committee thankfully accepted the offer and decided to invest the amount in 5½ per cent. War Loan and also directed that the request of the donors may be carried out.

13. The following subscriptions were received in the year 1917 :—

| | Rs. |
|---|---|
| (1) Darjeeling Improvement Fund ... ... | 1,000 |
| (2) Darjeeling Municipality ... ... | 1,000 |
| (3) Takvar Tea Co., Ltd. ... ... | 100 |
| (4) D. P. Mackenzie, Esq. ... ... | 250 |
| (5) Messrs. Mackintosh Burn & Co. ... ... | 25 |
| (6) Messrs. Hamilton & Co. ... ... | 25 |
| (7) Messrs. Cook & Kelvy ... ... | 25 |
| (8) Messrs. T. E. Thomson & Co. ... ... | 25 |
| (9) Darjeeling-Himalayan Railway Co. ... ... | 100 |
| (10) Messrs. R. Knight & Sons ... ... ... | 25 |
| Total ... | 2,575 |

14. The European Government servants on receipt of Rs. 400 per month or less and their families and those who subscribe annually to this institution up to the extent of Rs. 100 are admitted to the first class on payment of intermediate class rates—*vide* rules 20 and 45 (*a*). These rules were taken advantage of by five persons during the year 1917.

15. Eleven labour cases were attended by the Civil Surgeon during the year 1917 against seven in the year 1916, and the confinement fees realised from the patients were paid to him as honorarium.

16. * * * * * *

(*i*) There were 2 cases of Dysentery last year against 5 in 1916. The patients were cured.

(*ii*) There were 2 cases of Enteric fever in 1917 against 5 in 1916. Both of them died.

(*iii*) There were 6 cases of Malarial fever in 1917 against 16 in 1916. The patients were cured.

(*iv*) There were 4 cases of Pneumonia in 1917 against 3 in 1916. The patients were all cured.

(*v*) There was 1 case of Tuberculosis in 1917 against 2 in the year previous to it. The patient was discharged, much relieved.

(*vi*) There was a case of Appendicitis last year against 4 in the year 1916. The patient was cured.

(*vii*) There was 1 case of Bright's disease treated in the hospital in the year 1917 against 1 in the year previous to it. The patient who had chronic Bright's disease died.

(*viii*) There were 16 normal labour cases and one abnormal labour case treated in the year 1917 against 13 and 1, respectively, in the year 1916. The patients were cured.

17. During the year under report 14 operations were performed against 81 in the year 1916. * * * * *

18. **Income and Expenditure.**—

* * * * * * *

19. Explanation of increase and decrease.

**Receipts.**

(*a*) The increase of Rs. 11,168-8 in the receipts from the residents and patients admitted into the first class is due to the admission of more people in that class in the year 1917 as compared with 1916.

(*b*) The increase of Rs. 266-7-6 in the Nurses' fees in 1917 is due to the more employment of nurses in the outside cases and also in special cases in the hospital attached to the Sanitarium as compared with the year 1916.

(*c*) The increase of Rs. 708-11-9 against fees for medical attendance is due to the treatment of more patients in the Sanitarium and Hospital in the year 1917 as compared with the year 1916.

(*d*) The small increase against the head "Breakages" calls for no remarks.

(*e*) The increase of Rs. 60 against the head "X Ray" is due to the fact that in 1916 the "X Ray" apparatus was not in working order. The increase of Rs. 60 in the year 1917 against this head is due to the sale of a Switch-board which was not required to Dr. J. C. Bose.

(*f*) In the year 1916 a new billiard table cloth was purchased, and for this reason there was no credit balance against the head "Billiards." In the year 1917 there was a surplus of Rs. 26-1 against this head after meeting all expenditures, such as the pay of billiard marker, etc.

(*g*) The "Interest on Investments" and the "Interest" accrued on credit balance in the banks were shown separately in the accounts this year. So there has been an increase by Rs. 31-10 against "Interest" and decrease by Rs. 36-11-8 against "Interest on Investments."

(*h*) The decrease in the receipts against the head "Intermediate class" by Rs. 1,825-10 was due to the fact that the Intermediate class rooms were mostly occupied throughout the year by the first class residents who had their meals in the first class table.

(*i*) The decrease of receipts from the second and third class residents was due to the admission of less number of people and also their staying in this institution for less number of days in 1917 as compared with the year 1916. Owing to the war the cost of living in the hills became very much expensive and the issue of week-end and return tickets by the Railway Companies was prohibited, and this might have prevented many people, who generally ask for accommodation in these classes, from visiting this hill station.

(*j*) The fall in the receipts for "Operation fees" in 1917 was due to the less number of operations performed in that year as compared with the year 1916.

(*k*) In the year 1917 less number of persons were treated in the hospital free beds, hence there has been a fall in the receipts by Rs. 334-8 as compared with the year 1916.

(*l*) The fluctuations against other heads of receipts were trifling and call for no remarks.

**Expenditure.**

(*a*) The increase in the allowance drawn by the Civil Surgeon in 1917 is due to the payment to him of "Confinement fees" realised from the first class patients as honorarium. This amount is now debited against "Civil Surgeon's allowance" according to the instructions of the auditors. In the year 1916 a part of this amount was debited against the head "Medical attendance" before the receipt of such instructions.

(*b*) The increase of expenditure against "Nurses' salaries" and travelling allowance is due to the employment of a few outside nurses to help in serious cases and confinements.

(*c*) The increase of expenditure by Rs. 5,118-8-6 against "Diet" in 1917 is due to the admission of more first class residents in the Sanitarium as compared with the year 1916. It is also due to the decision of the Committee, dated the 12th June 1917, to spend a little more on diet owing to certain complaints which were received regarding the quality and quantity of food supplied.

(*d*) The increase of expenditure against the head "Fuel" in 1917 by Rs. 221-11-3 is due partly to the admissions of more first class residents. It is also due to the increase of price of coal and firewood as compared with the year 1916 owing to the war.

(*e*) Against the head "General Charges" the expenditure incurred for the railway freight on goods, purchase of postage and receipt stamps, the costs for the repairs to the utensils and other petty items of expenditure are shown. The increase of expenditure against this head is trifling and calls for no remarks.

(*f*) The increase of expenditure against "Stationery and Printing" is due to the price of these articles having gone up on account of the war.

(*g*) The small increase of expenditure for "Advertisements" in 1917 is due to the increase of rate of advertisements as compared with the year 1916.

(*h*) The increase of expenditure by Rs. 456-9 against the head "Repair and Construction" is partly due to the price of materials having gone up on account of the war and also to the payment of Rs. 352-6 to Messrs. Baghman & Co., for carrying out certain repairs to the electric light wires in the Sanitarium and Hospital and supplying bulbs for the rooms.

(*i*) The amount against "Rates and Taxes" will vary each year as the charge for excess water supplied by the Municipality is debited in this head of accounts.

(*j*) The increase of expenditure against the head "Establishment" in 1917 is due to the payment of travelling allowance to Captain Harding, Resident Medical Officer, from Madras to Darjeeling, and also to the entertainment of a few extra servants when the house was full during the season.

(*k*) The increase of Rs. 583-5-2 against "Insurance" is due to the adjustment of past years' balance within the year 1917.

(*l*) The increase of expenditure against the head "Servants' Clothing" in the year 1917 is due to the price of the materials having gone up on account of the war. It is also due to the changing of some uniforms for servants which had turned out old.

(*m*) In the year 1917 medicines were purchased locally according to the requirements, and as there were certain medicines in stock the expenditure was less by Rs. 770-0-6 as compared with the year 1916.

(*n*) The decrease of expenditure in 1917 against the head "Lighting" is due to the revision of the rule 28 (*a*) in May 1917. The Committee resolved that the charge for lighting will be annas 4 for first and intermediate and annas 2½ per diem for second class *adult* inmates. Formerly the charge for lighting for the first and intermediate class *rooms* was annas 4 each and for the second class *room* annas 2½ per diem.

(*o*) The fluctuations against other heads of expenditure are trifling and call for no remarks.

20. **General Remarks.**—The daily average cost of diet for residents including the staff was Re. 1-11-9 as compared with Re. 1-7-5 in the year 1916. The cause of increase has been fully explained in item (*c*), expenditure on "Diet."

21. The debit of the amount of Rs. 2,346-10-9 in the Revenue account, on account of depreciation on Furniture and Library, has reduced the profit for the working of the year 1917 to Rs. 3,624-4-1. The depreciation is not really expenditure and is not taken in to account in the Government accounts So if this amount is excluded from the above statement the real profit on the working of the institution during the year 1917, excluding the balance for the year previous to it, will amount to Rs. 5,970-14-10.

22. Beyond the ordinary repairs to the buildings carried on by the Public Works Department no other improvements of any importance were carried out in the year 1917.

23. The Sanitarium was officially visited by His Excellency the Governor of Bengal and the following House-Visitors in the year 1917 :—

(1) Rev. Canon R. Stuart.
(2) Rev. H. C. Duncan, M.A.
(3) Rev. Father C. Grant.
(4) E. A. Wernicke, Esq.
(5) C. E. Briscoe, Esq.

24. Sister Mary Frances, C.S., J.B., was in charge of the nurses and linen room and the Library attached to the Sanitarium.

25. The Committee accepted the resignation of Captain Harding in July 1917 on account of his ill health, and Mr. J. C. Chalke was appointed Resident Medical Officer till the Sanitarium was closed.

26. Miss L. Cox acted as House-Keeper and Babu Sidheswar Dey as Accountant of this institution throughout the year 1917.

The staff of this institution worked entirely to my satisfaction.

27. The Committee held seven meetings against eight in the year 1916. The most important subject dealt with was alterations to certain rules.

*No. 82 Mne.*—In exercise of the powers conferred by sections 53 and 54 of the Inland Steam-Vessels Act, 1917 (I of 1917), the Governor in Council is pleased to make the following revised rules for the protection of passengers in river steamers against the spread of plague and other epidemic diseases by persons travelling in such steamers, in supersession of those published under Notification No. 16Mne., dated 5th March 1907, as amended by Notifications No. 78Mne., dated 13th July 1908, No. 136Mne., dated 17th November 1908, and No. 103Mne., dated 17th October 1911.

RULES.

1. Whenever it appears to the Magistrate of the district or the Sub-divisional Magistrate, within whose jurisdiction any ghât is situated at which steamers call, that by reason of the existence of an epidemic in the neighbourhood of such ghâts, there is danger of passengers suffering from the said epidemic being taken on board a vessel, he shall, *in consultation with the Civil Surgeon of the district*, depute a Medical Officer to inspect and pass all the passengers embarking at the ghât in question, and no passenger may embark without being so examined and passed.

2. (*1*) Whenever any case of plague, small-pox, cholera, or other dangerous epidemic disease occurs on board a river steamer, the Medical Officer of the steamer or, where there is no such Medical Officer, the Master or serang, shall immediately—

(*a*) remove the patient together with his bedding, drinking utensils and food to a part of the deck at the extreme stern of the steamer, where he shall be segregated from the rest of the passengers by a *purdah* or awning. In the case of plague, steps should be taken immediately to get rid of any fleas that may be present in the clothing, bedding, and, if considered necessary, in the baggage of the patient, by the complete immersion in boiling water of all articles capable of affording a lodgment for fleas ;

(*b*) cause all excreta, vomit and urine which may have been discharged on to the deck by the patient to be cleaned away with *a disinfectant taken from the list prescribed and maintained by the Sanitary Commissioner*, and

(*c*) report the case to the Sub-divisional or District Magistrate within whose jurisdiction the nearest ghât lies, and also to the Civil Surgeon of the district.

(*2*) Where such ghât is not at the headquarters of a subdivision or district, the report mentioned in sub-clause (*c*) of clause (*1*) shall be sent by the Medical Officer of the steamer, or Master or serang, as the case may be, by the most expeditious means available, to the next headquarters of a subdivision or district at which the steamer will touch.

(*3*) At any station within the Port of Calcutta the report shall be made to the Health Officer of the Port.

3. If, when the case occurs, the steamer is lying at a ghât at the headquarters of a subdivision or district, or, otherwise, when the steamer has reached the nearest ghât which is at such headquarters, the Master or serang shall not move the steamer therefrom until permission has been given by the District or Subdivisional Magistrate, or by the Medical Officer under rule 9.

4. (*1*) On receipt of the report mentioned in rule 2, the Magistrate or Civil Surgeon shall at once depute a Medical Officer to inspect and disinfect the steamer.

(*2*) Such Medical Officer shall visit the steamer, and if a suitable hospital is available, or if other satisfactory arrangements can be made for his treatment and segregation, shall bring the patient to land.

(*3*) Within the Port of Calcutta the Health Officer of the Port shall perform these duties.

5. Where no such hospital is available and no such arrangement can be made, the patient shall not be allowed to land, but the Medical Officer deputed under rule 4 shall take steps to ensure the proper segregation of the patient on the steamer and to satisfy himself that every possible precaution has been taken to prevent the spread of the disease.

6. The Medical Officer deputed under rule 4 shall in all cases cause the deck, cabins, latrines, and any other part of the steamer where the patient has been, to be thoroughly washed down with *a disinfectant taken from the list prescribed and maintained by the Sanitary Commissioner*, and all utensils which have been used by the patient, to be disinfected.

7. (*1*) In case of death, the body of the patient shall be wrapped in a cloth soaked in *a disinfectant taken from the list prescribed and maintained by the Sanitary Commissioner* and made over to his friends or, where he is without friends, to the police, who shall arrange for its disposal.

(*2*) If they have not already been disinfected as directed in rule 2 (*a*), the clothes of the deceased (except those in his baggage), his bedding and all food in his possession shall be burnt, unless orders to the contrary are passed by the Medical Officer.

8. The Medical Officer deputed under rule 4 shall ascertain the names and addresses of all members of the party accompanying the patient, and shall report them through the Magistrate to the Magistrate of the district to which they are proceeding.

9. When the orders contained in these rules have been complied with, and the Medical Officer deputed under rule 4 is satisfied that there is no reason further to detain the steamer, he may give permission to the Master or serang to proceed on the journey.

10. The owner of every steamer shall be bound to keep on board each steamer one gallon of *a disinfectant taken from the list prescribed and maintained by the Sanitary Commissioner*.

11. The patient may be permitted to land on the expiry of a period to be fixed by the Medical Officer deputed under rule 4.
